dedication

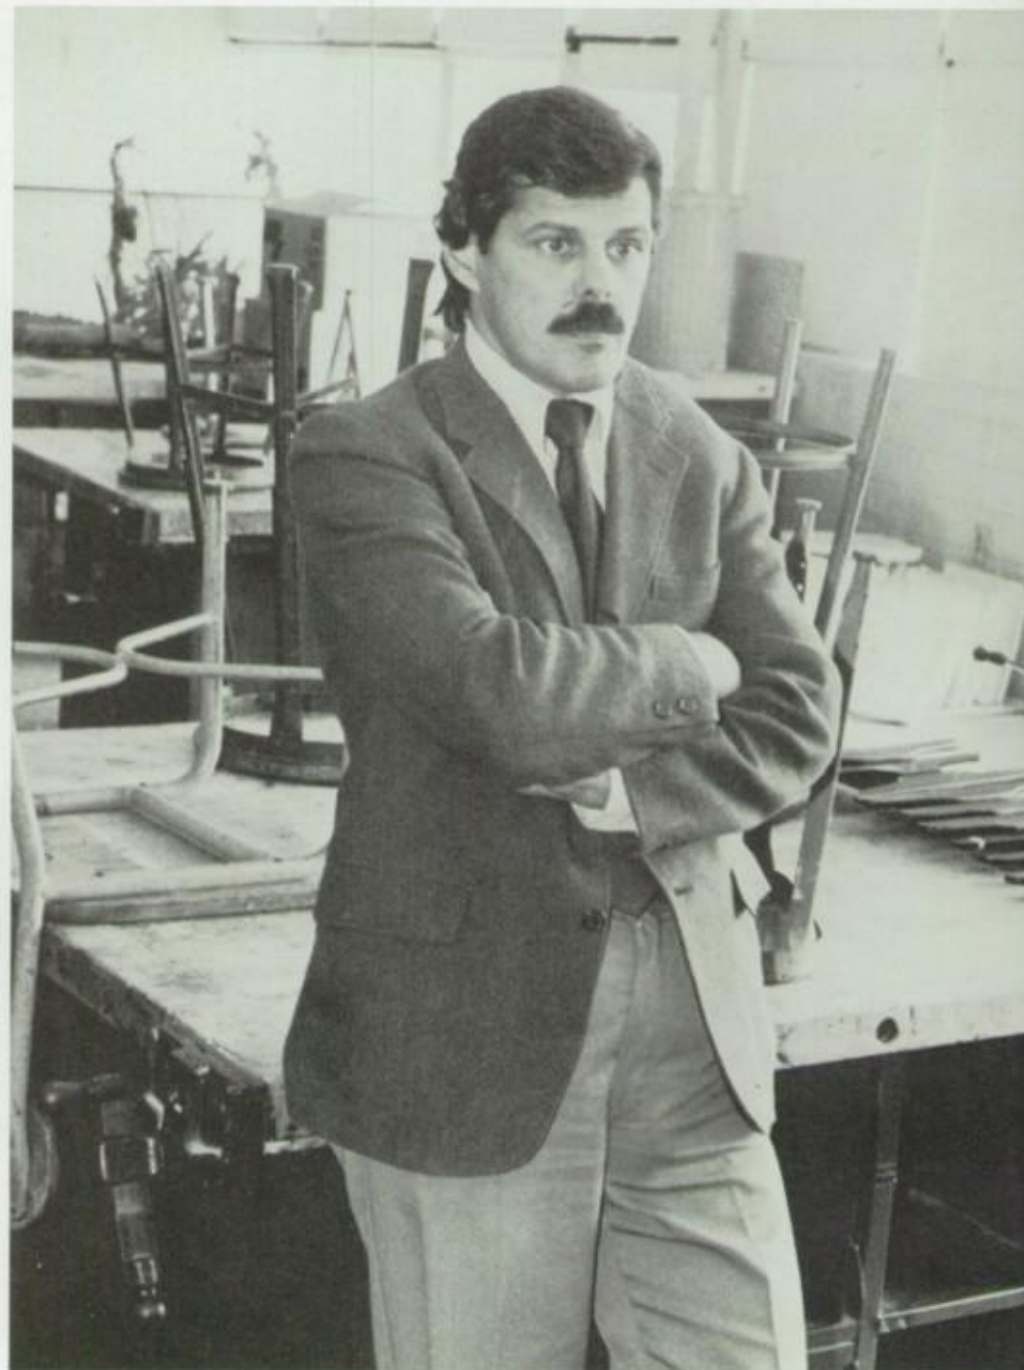

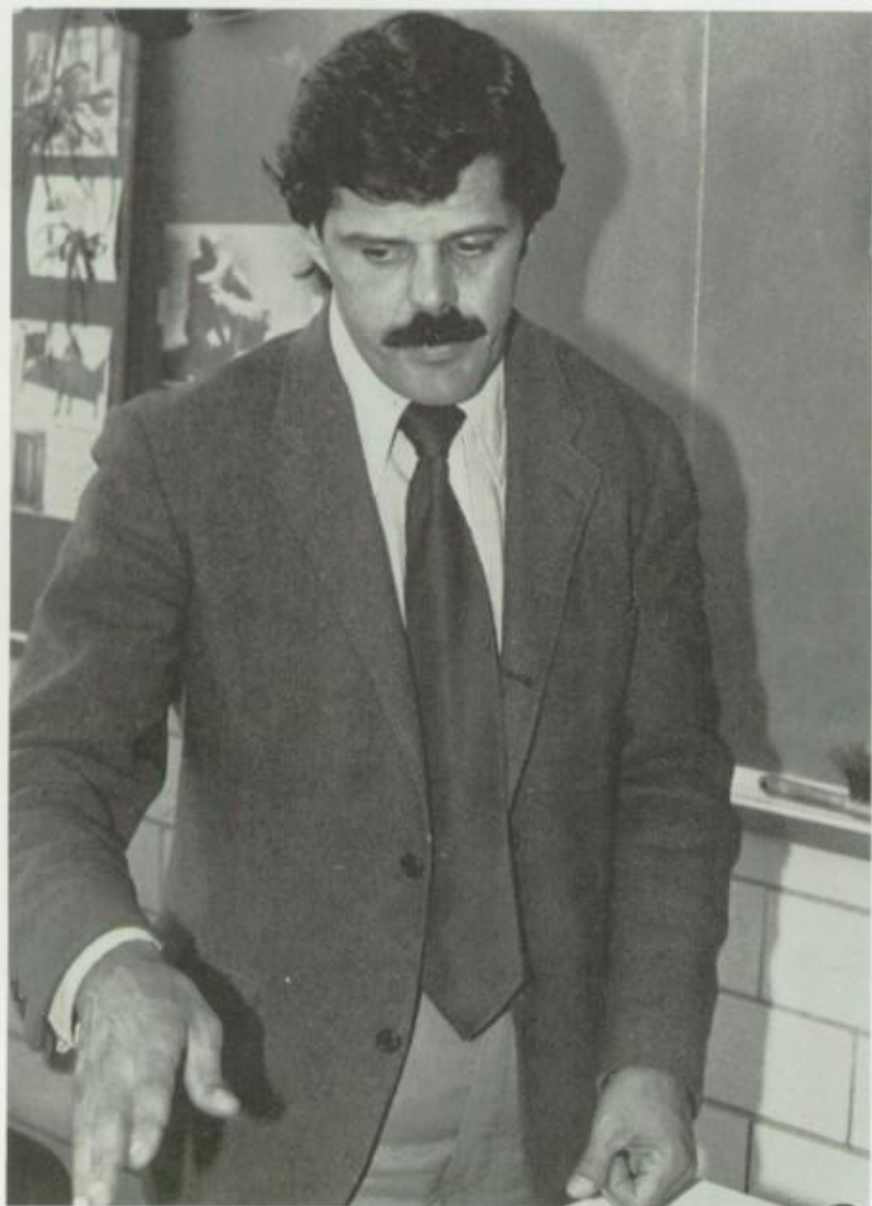

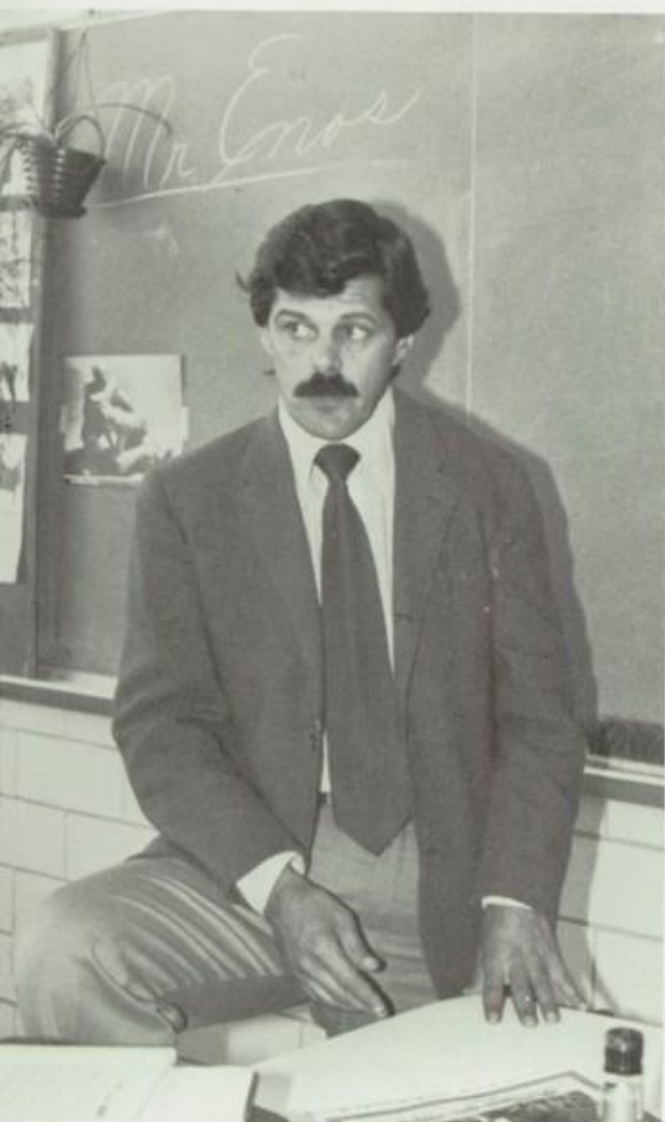

We, the class of 1983, wish to dedicate our yearbook to you, Mr. Kenneth Reall. During the ten years that you have taught here at East Providence High School, you have become more than just a teacher. You have become a friend.

You took the extra step in helping us learn many things — how to swim, how to dive, how to compete, how to excel, how to have courage and how to believe in ourselves.

For this, we dedicate our yearbook to you — our teacher, our coach, and, most important of all, our friend.

appreciation

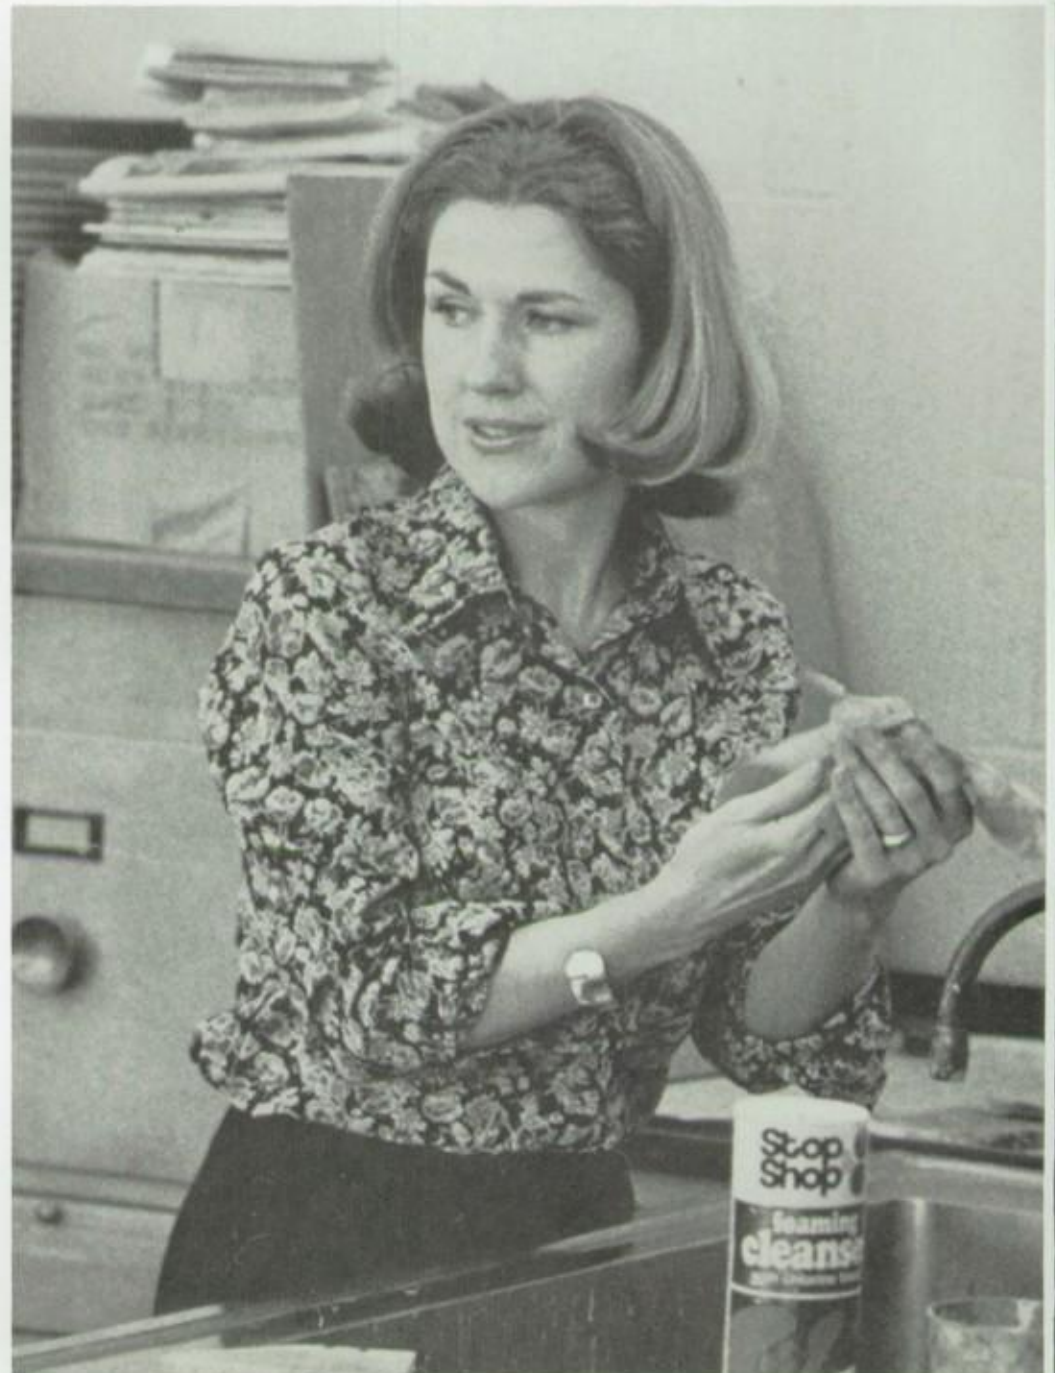

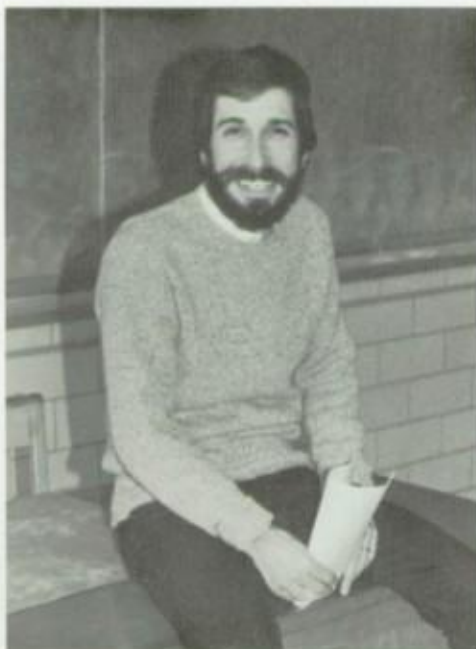

We, the class of 1983, feel indebted to you, Mr. Michael Enos, our class advisor. During our three years here at East Providence High School, we've come to know you as our teacher, our class advisor, and, most importantly, as our friend.

You have made all of our class activities both worthwhile and successful. For this, we owe you our utmost appreciation and thanks.

a special feeling of obligation that never ends.

an attachment between two people that will always stay,
the reason for doing special favors and going out of your way.

feeling guilty about things you shouldn't have said,

feeling down when he is feeling sad,
being able to laugh at the fight you just had!

Kim,
You have made
this year a great one.
Senior year wouldn't have been
the same without my best friend!
Like you said, I'm sure will always keep
in touch. I don't even want to miss seeing you
everyday. It's so far away. I don't think about going off
to college. I am so close to, so I don't think I've had
a friend who I am as close to. You al-
ways say that I do so many nice things for you, well
the nicest thing you could ever do for me is just be
my friend. You've been a great one. I'm signing
it on this page because of the page next to it, that
says it all. I'll never forget you! If you ever
need me, I'll be there.

Love Always,

 I hope our friendship lasts
